

## H Carrel

H Carrel with an Add-On H Carrel  
in medium oak.

Optional CPU  
holder

H Carrel with an  
Add-On H Carrel  
in gray.

# H Carrel

- » Sophisticated private work areas are within reach with our H Carrels. Purchase a standard H Carrel and then add on as many Add-On H Carrels as you need to customize your work space, classroom, or office.
- » Constructed from 1" thick core board and decorative medium oak or gray high pressure laminate that resists stains and scratches.
- » Finished in putty (for medium oak units) or gray (for gray units) powder-coated 18-gauge steel frame and modesty panel that will add rigidity to the units.
- » Front of the desktop surface is angled to provide space for a chair and user. The work area measures 41 1/2" wide and 23 1/2"-29" deep.
- » The auto leveling glides give the unit stability when on uneven flooring.
- » Keep those unsightly computer and phone wires out of the way and secure with the H Carrel's built in wire management grommets and optional locking wire conduit.
- » Add a CPU holder to complete your working environment. Assembles in minutes.
